SPECTATOR INFORMATION

The next section of the programme covers the complete rally route with advice which will help you get the best out of the event. Where possible, each day is colour coded so that you can tell immediately which special stages are on which day.

The Network Q RAC Rally starts at Chester on Sunday, stops overnight in Harrogate and then returns each day on Monday, Tuesday and Wednesday back to Chester.

Spectator car parking has been arranged at every stage and venue. The following information gives details of these car parks, routes to get there and some information about each stage or venue. Stage car parks are, in many

cases, lettered A, B, C, etc. so that spectators know which one they are going to or have entered. Routes to the car parks will be signposted.

Apart from the principal marshalling clubs listed against each stage there are many more Clubs and individuals who help on the stages, service areas, Rally headquarters, overnight halts and sales of this programme without whose help the Event could not be run.
